

DROP DOWN GLOVE BOX COVER INSTRUCTIONS

1. Open the passenger side drop down glove box.

2. Place the Drop Down Glove Box Cover in the bottom of the glove box underneath all the items in the glove box.

3. Roll the top of the Drop Down Glove Box Cover over the items in the glove box and tuck in the tabs on the side to hold all the items in the glove box within the Drop Down Glove Box Cover Tool.

4. Pull the bungees on both sides and clip the bungees to the sides of the glove box to hold the Drop Down Glove Box Cover in place holding all items within the tool.

5. As seen in the image below the Drop Down Glove Box will hold all items as you are able to drop down the glove box and service the cabin air filter or passenger side air inflator or any other service that may be needed behind the glove box.

NOTE:
REMOVE THE DROP DOWN GLOVE BOX COVER CAREFULLY IN THE REVERSE ORDER IT WAS INSTALLED BEFORE RETURNING THE VEHICLE TO THE CUSTOMER
