

Volkswagen of America

Dealer Diagnostic Equipment Minimum Requirement Standards

The specified manufacturers' diagnostic equipment is authorized by Volkswagen of America.

Dealers can purchase Volkswagen specific diagnostic testers from Snap-On Business Solutions Program (<https://vw.snapon.com/Home.aspx>).

Diagnostics Minimum Requirements:

1. For every up to **two technicians**, the dealer must have **one** diagnostic laptop/tablet. See the list below for qualified testers:

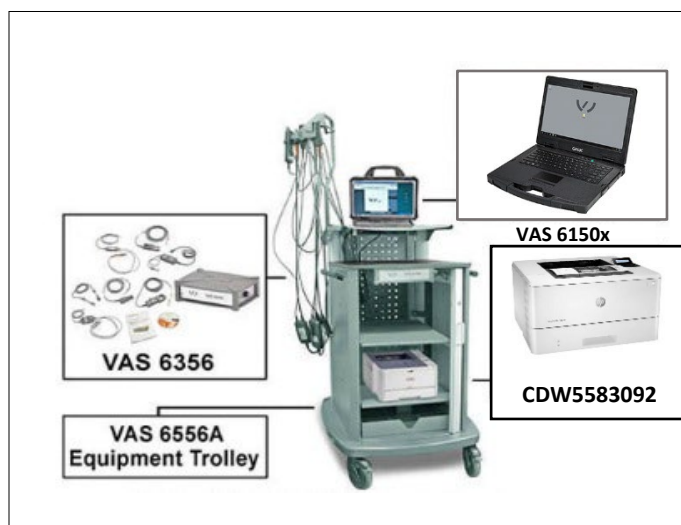

- a. VAS 6150F
- b. VAS 6150E*
- c. VAS 6150D*
- d. VAS 6150C*
- e. VAS 6160E*
- f. VAS 6160C*

VAS 6150x

2. For every **1-10 technicians**, the dealer must have **one** Complete Diagnostic System Package (**with Test Instruments Box VAS 6356**)**. The following packages will fulfill this requirement:

- a. VAS 6150F/TSP
- b. VAS 6150E/TSP*
- c. VAS 6150D/TSP*
- d. VAS 6356 (accompanied with diagnostic laptop VAS 6150C/D/E/F or diagnostic tablet VAS6160C/E)

VAS 6150x/TSP

*Superseded device to the above in the list

**Dual franchise dealers should have one for each brand
