CLASSIFIED
UL **NFPA® 2112 COMPLIANT**
 Bulwark® Protective Apparel offers flame-resistant protective garments that are certified by UL to meet the requirements of NFPA® 2112 Standard on Flame-Resistant Clothing for Protection of Industrial Personnel Against Short-Duration Thermal Exposure from Fire, 2018 Edition. NFPA® 2113 Standard on Selection, Care, Use, and Maintenance of Flame-Resistant Garments for Protection of Industrial Personnel Against Short-Duration Thermal Exposure from Fire, 2020 Edition, requires that garments cover the upper and lower body and flammable underlayers as completely as possible. Bulwark® garments meet this requirement either as a single garment such as a coverall or when worn with another certified garment such as a shirt or pants to provide both upper and lower body coverage.

This flame-resistant coverall is a mandatory secondary garment for anyone working on vehicle high voltage systems. Any garment(s) worn under this coverall must be 100% cotton.

- Two-way Nomex® taped brass zipper front with concealed closures
- Two-piece, insulated, stand-up collar with concealed snap closure
- Knit storm cuff in hemmed sleeve ends with hook-and-loop suppression tabs
- Seven patch pockets, action back and reinforced knees
- Full Nomex® taped ankle-to-hip brass zippers, concealed snap closure
- Elastic waist inserts
