

ESSENTIAL TOOL SERVICE READINESS ASSESSMENT INSTRUCTIONS

1. Log into DealerConnect, select the Service Tab, Select Mopar Essential Tools.
2. Click on the Additional Resources tab then open Service Readiness Assessment (SRA).
3. Click on Essential Tools Service Readiness and log in:
 - a. User name is your dealer code
 - b. Password is your zip code
4. Click on the Assessment tab on the upper left side to start the assessment
5. If you have a current 4 or 5 cabinet system, please use that system, if not click on none, and then click on start.
 - a. If you have selected the cabinet system, when the assessment starts, select the drawer number on the left side to do the assessment by drawer.
6. If not using the 4 or 5 cabinet system, you can begin the assessment by clicking yes if you have the tool, and no if you do not. If you do not answer, it will be considered a no.
 - a. If you need to see a picture of the tool, click on the tool number.
 - b. If you need to stop doing the survey at any time, you can exit out, and all information that has been entered is automatically saved.
7. There is a list of Essential Tools that you are required to have that can be substituted with a generic equivalent. Please see the Essential Tools Equivalent Tool list.
8. When the survey is done, you will click submit, and a screen will come up that shows any missing tools and the cost. You can still go back into the survey if necessary. When completely done, click submit again, and any missing tools will be automatically ordered for you.
